

DU BUI

EDUCATIONAL TECHNOLOGY CONSULTANT

JOB SUMMARY

I provide educators with synchronous and asynchronous professional development, but I am often asked to do a lot more. My experience includes developing self-paced courses, hosting statewide events, collaborating with many different professions, and solving problems through innovation.

MY EXPERTISE

- Educational Technology
- Designing professional development experiences
- Video and media editing
- Collaborating and leading educators
- Computer science
- Design thinking
- Graphic design
- Google Innovator & Trainer
- ISTE Certified Educator
